GUARDS FEED WELL THEIR COOK SAYS

National guardsmen on duty in the strike district in Carbon county are being fed bounteously even though the locality in which they are camped is far from "God's country," according to a letter received in Ogden from Milo E. McCoy, a cook for G troop, Ogden cavalry.

"I give the men pies every other day," the cook said, and we are feeding fine."

A glance at the breakfast menu will bear out McCoy's claim that the guardsmen are "feeding good." It consists of oat meal, mush and milk, fried eggs and French fried potatoes, bread, butter and cocoa with cream.

For dinner: Beef a la mode with cream potatoes and gravy, mashed potatoes, cottage pudding with caramel sauce, bread, butter and lemonade.

Supper: Boston baked beans, tomatoes, lemonade, coffee, bread, jam and pie.

STORK TRIPLES IN RACE WITH REAPER

Ogden is shown as a healthy place in which to live in the June report of the city health department which sets forth that there were 33 births during the month as against 34 deaths for the same period.

There were few cases of contagious diseases, and almost a total absence of serious diseases of this class. Chicken-pox led the list with 46 cases. There were three cases of smallpox, one of measles, one of scarlet fever and one of typhoid fever.

A total of 25 dogs were killed during the month and 16 were kept under observation for symptoms of rabies. No rabid animals were found, however.

Among the painful bills presented at summer resorts the bill of mosquitoes lead the list.
